case contents not included

> ULTIMATE EQUIPMENT PROTECTION FROM THE ELEMENTS.

EXTRA PROTECTION

Pelican's Pick N Pluck™ foam lets you customize the interior according to your gear. An easy, do-it-yourself system for custom-shaping the interior of the case according to your equipment. Layers of foam are pre-scored in tiny cubes. Simply measure your equipment over the grid and pluck away. Contents stay in place and get extra protection at the same time.

All Protector® Cases come standard with Pick N Pluck® foam.

STRONGER BY DESIGN

The Pelican Protector Case uses an open cell core and solid wall construction, which is actually stronger and lighter than a solid core wall. Travel light with heavy protection. And you know it's a Pelican™ Case by the distinctive dual band top surface. Stainless steel pins are used for hinges and handles. The new Double-Throw latches are smarter and easier to open: it's the classic 'C' clamp design with a secondary movement that works like a pry bar to start the release and offers plenty of leverage to open with a light pull.

EASY RIDING

Stainless steel ball bearing wheels (on select cases) last longer and ride smoother. The nylon hub adjacent to the stainless steel is made to resist heat. Result: less wear and tear on the polyurethane wheel.

KEEP IT SHUT

Metal reinforced padlock protectors provide added strength and extra security against cutting and theft.

WATERTIGHT

The secret is the tongue-and-groove fit with Polymer o-ring acting as a waterproof seal. Also, the new Automatic Pressure Equalization Valve releases built-up air pressure while keeping water molecules out, resulting in a watertight case that is even easier to open.

New Stronger Double-Throw Latch

CUSTOMIZE IT

Customize your case to hold electronic interface panels, or create the perfect protection insert for your equipment. Close the lid and see your logo applied as a decal or hot stamp (call for details).

Panel frame mounting system

PELICAN LEGENDARY LIFETIME GUARANTEE OF EXCELLENCE

Pelican Products, Inc. guarantees its products for a lifetime against breakage or defects in workmanship. Pelican™ injection molded cases are guaranteed to be watertight to a depth of 3.3 feet (1 meter) for 30 minutes (IP 67) if properly closed with undamaged o-ring in place unless otherwise stated. Pelican's liability is limited to the case and not its contents or foam. All warranty claims of any nature are barred if the container has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident. Refer to www.pelican.com/warranty for full details.

Lifetime Guarantee does not cover Roto Molded or AALG products.
